

# WIN LEARNING CAREER READINESS SOLUTIONS

## COURSEWARE

### Academic Skills Courseware

Academic skills in a workplace context

### Soft Skills Courseware

Interpersonal skills for career and life success

### Digital Skills Courseware

Technological skills for the modern workplace

### College Readiness Courseware

Math, reading, and writing practice for college entrance exams

### Supplemental Skills Courseware

Workplace skills for a career-ready portfolio

### Career Readiness Courseware

Foundational skills for any career path

## ASSESSMENTS

### Academic Skills Assessments

Measures math, reading, and data analysis skills to determine readiness for the workforce.

### Soft Skills Assessment

Measures communication, critical thinking, collaboration, and problem-solving skills.

### Digital Skills Assessment

Measures knowledge and mastery of digital tools and devices used in the workplace.

Passing the WIN assessments results in one of several National Work Readiness Credentials. All WIN credentials are endorsed by the National Work Readiness Council, a national nonprofit workforce development, training, and advocacy organization.

## CAREER EXPLORATION

### my Strategic Compass
