

WIN CAREER READINESS SYSTEM

WIN Learning is on a mission to help all learners succeed

The personalized WIN Career Readiness System includes academic and employability skills courseware, career planning tools, and nationally recognized credentials as important foundational elements for creating a more effective and efficient system to prepare learners and job seekers for career and life success. Within the WIN Career Readiness System, foundational academic, interpersonal, and technological skills are learned within the context of careers to show learners the real-world value of these skills and prepare them for success in any occupation, no matter the industry.

Administrator Dashboard

Administrators and facilitators can view immediate learner progress from the Career Readiness System dashboard. The dashboard includes at-a-glance summary data on eBadges, certificates and credentials earned, total time spent in the courseware, and more.

Administrators can select a time stamp or period to manage and monitor progress for all courseware and credentials. The system allows for easy rollover, drill-down views and printable access to selected reports, all from a single streamlined dashboard.

Learner Dashboard

When learners login to WIN CRSSystem, they see tiles for each of their courseware and assessment solutions that display their progress, most recent scores, and how many eBadges they've earned. Counters at the top of the dashboard show the total number of hours they've logged in the system, and the number of eBadges, certificates, and credentials they've earned. Learners can filter their dashboard view to only display selected solutions. To launch a solution, learners click "Go" in the top right corner of the tile.

The dashboard features a top navigation bar with links for Dashboard, Assignments, Reports, Resources, and Logout. A large counter in the top right corner displays 2.4 hours logged, 13 eBadges earned, 1 certificate earned, and 0 credentials earned. The main area is divided into six tiles:

- Academic Skills Courseware:** Shows progress in Work Ready Math (40%, Courseware Level 2 of 5), Work Ready Reading (40%, Courseware Level 3 of 5), and Work Ready Data (20%, Courseware Level 4 of 5). It shows 5 eBadges earned and 1 Level 1 Achievement.
