South Carolina Work Ready & Essential Soft Skills Credentials

**WIN Learning supports world-class skills and the
Profile of a South Carolina Graduate**

**Whether their path leads to the workplace, college,
trade school, or the military, WIN provides learners
with the tools to prepare them for the road ahead.**

South Carolina profile standards call for learners to achieve world-class knowledge and skills that include rigorous academics,

South Carolina high school students can now access the WIN Learning Work Ready and Essential Soft Skills assessments to earn their South Carolina Work Ready Credential and South Carolina Essential Soft Skills Credential.

To date, the state has implemented and administered career readiness assessments to more than 200,000 eleventh-grade students to determine achievement in foundational readiness and essential life and career skills including creativity and innovation, critical thinking and problem solving, and collaboration and teamwork, which are part of the “Profile of a South Carolina Graduate” framework.

Skills Measured in the Work Ready Assessment:

Work Ready Math measures students' ability to use mathematical reasoning skills to solve real-life workplace problems, including calculating sizes, quantities, and costs; and evaluating information and results to determine the best solution.

Work Ready Reading measures students' reading skills including obtaining information and applying new knowledge; following instructions in procedural documents; and understanding regulations, policies, and procedures.

Work Ready Data measures students' data analysis skills including identifying trends and relationships among variables; interpreting research and operational data; and reviewing technical drawings and specifications.

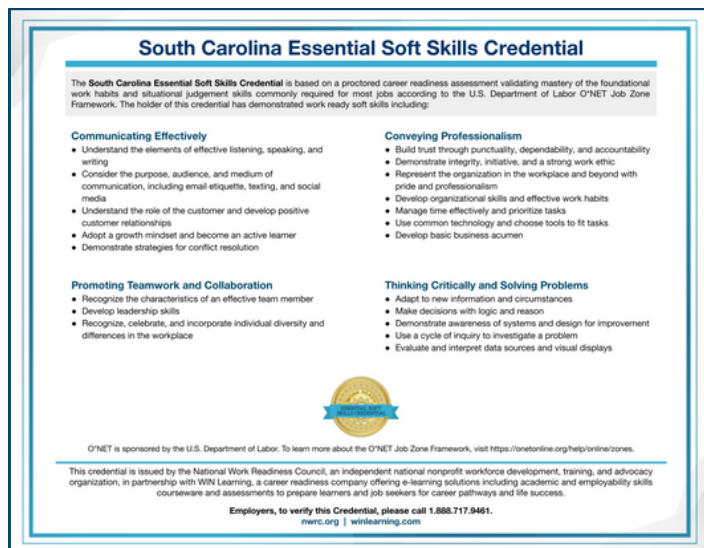

Skills Measured in the Essential Soft Skills Assessment:

Communicating Effectively measures students' communication and listening skills, and their ability to resolve conflicts in a respectful manner.

Conveying Professionalism measures students' understanding of the importance of a strong work ethic and a positive attitude, as well as the value of dependability and motivation in the workplace.

Promoting Teamwork and Collaboration measures students' ability to work with others to achieve goals and their understanding of the positive impact of diversity in the workplace and the importance of sensitivity to individual differences.

Thinking Critically and Solving Problems measures students' critical thinking, reasoning, and problem solving skills.

About WIN Learning

Since 1996, WIN's integrated approach to career readiness has given more than 10 million learners worldwide the tools, confidence, and skills necessary to excel. Our e-learning solutions include academic and employability skills courseware, assessments, and credentials as an important foundation for creating a more effective and efficient system to prepare learners and job seekers for career and life success.
