

Career Readiness System

myStrategic Compass is an interactive career planning program providing guidance using tools for assessment, exploration, research, and goal-setting. **myStrategic Compass** helps users identify the careers that best suit their interests then provides a framework for the education and path to success.

myStrategic Compass Empowers users to take the steps necessary to reach career success.

Career Readiness Courseware offers a series of career focused modules that assess the level of readiness in foundational skills then provides further work on skill building. Topics include Reading for Information, Applied Mathematics, Locating Information, Listening, Observation, Applied Technology, Business Writing, Writing, and Teamwork.

Career Readiness Courseware Career-focused knowledge and employability skills help learners succeed in life.

Soft Skills is a developmental resource to teach employability and social skills in a career context with four main areas of focus: Conveying Professionalism, Communicating Effectively, Promoting Teamwork and Collaboration, and Thinking Critically and Solving Problems. Competency in these areas is essential for professional success.

Soft Skills develops attitudinal and behavioral skills critical to success at college and work.

College Readiness Courseware provides learners with practice and application of concepts addressed by commonly accepted college placement exams. College Readiness Courseware prepares learners with foundational skills in five modules: Pre-Algebra, Algebra, Geometry, Reading, Writing.

College Readiness Courseware prepares learners for post-secondary success.
